Per tutti gli amanti del vino – For all the wine lovers

We can now offer prestigious wines by the glass, having each glass taste as if the bottle was just opened. Enhancing our wine offering, we are proud to introduce the Enomatic Wine System from Tuscany.

This is the first of its kind in Atlanta.

Thanks to the innovative technology of Enomatic the freshness of the bottles of wine is preserved.

Try for yourself: Tasting is Believing.

Please note that vintages may vary. Your server will happily confirm the vintage
